

VP Capital & Resolution Program Management
Top 50 Bank

Our client, a top 50 US bank, is looking to fill out their high-performing Treasury management team with this performance-critical function. The role(s) require a unique blend of project, technical, and leadership competencies as well as ambition that will drive the bank towards a best-in-class reputation for capital/resolution program management and compliance. This is a high-profile position requiring effective communication through to executive management and regulatory authorities and provides significant room for career growth and development.

Our client is looking to evolve their capital and resolution planning functions to incorporate best practices in program management, regulatory compliance, and executive management coordination. The role will be critical in tying together the bank's increasingly complex regulatory reporting and compliance roles, and responsibilities. Ultimately, the successful candidate(s) will demonstrate superior program leadership characteristics and the ability to deliver in a high pressure / fast-paced environment, with career aspirations beyond this position.

You will be responsible for taking the Bank's capital and resolution management programs to the next level. You will be the central point of contact within the organization for program management issues, and take a lead role in working with the regulators – including presenting and grounding existing and newly developed methodologies and approaches. With excellent technical communications, this individual will ensure compliance and make a significant contribution to the team achieving a best-in-class reputation within the industry.

Specific responsibilities in this position will cover the full gamut of program management including:

- Developing and documenting the overall process map for each program
- Leading all enhancements related to each program
- Developing an overall calendar for internal workgroups, governance bodies and external stakeholders along with overall communication and coordination strategies
- Oversee resolution management related MIS, policies and supporting documentation
- Serve as central point of contact for business and entity changes impacting the resolution plan
- Effectively manage program office resources (internal and contracted) engaged in capital and resolution management activities.

Soft Skills

Important soft skills will include:

- Planning/Organizing;
- Interpersonal;
- Written Communication; and
- Presenting

Requirements: The successful candidate(s) will have demonstrated hands on expertise with a top tier bank's regulatory reporting processes in addition to advanced project management certifications and demonstrated experience managing complex projects and driving results across large matrixed teams within a finance or risk management function. Verbal and written communication skills need to be exemplary along with the ability to coordinate and collaborate with others.
