

Advancing Leadership Success

**Manager of E-Commerce
South Central Alaska Area**

Live the great Alaskan lifestyle among the breathtaking beauty of the majestic mountains and peaks in south central Alaska. Our client is looking for a leader who can position their credit union toward emerging new trends in E-Commerce. This is a unique opportunity for a visionary trend setter who embraces technology and desires career longevity within a strategic and culturally strong member-oriented organization committed to employee collaboration and a quality Alaskan lifestyle.

This newly created position is fundamental to the business development of the organization and will forge a path for E-Commerce products and services. The Manager of E-Commerce will evaluate technologies impacting E-Commerce and select, design, develop and market new E-commerce products and services to members.

The Manager of E-Commerce will work closely with settlement services and manage E-Commerce settlement services which will include ACH/wires, shared branching, EFT transfers, item processing, ATM's, ATM networks, Visa processor, charge-backs, bill payment services, IRA, HSA, internet/mobile banking and overdraft protection. Management of Card, ATM, POS services products and programs include, but is not limited to, development of products and services, fraud mitigation, contract management, support training and selling of these services and products.

Reporting to the Operations Manager, the Manager of E-Commerce will report on products and services managed by the E-Commerce department, as well as review GL accounts and provide quarterly forecast updates. As a participant in the Technology Council this person will make recommendations on technologies effecting E-Commerce. Supervisory responsibilities include training, coaching, goal setting, and scheduling, hiring and disciplinary action within the department.

Business and IT savvy candidates will have four years of progressive management experience in a team environment as well as two years of experience in E-Commerce, settlement services, card networks and commercial account management, or prior financial institution product development experience.
