

SENIOR VICE PRESIDENT - CHIEF INFORMATION OFFICER**Amplify Credit Union**

\$826 Million

Austin, TX

Amplify Credit Union is seeking a Senior Vice President - Chief Information Officer (SVP-CIO) to lead the technological and informational needs of the organization. Reporting to the Executive Vice President, this role will partner with the Chief Digital Officer and the Project Development Officer to successfully drive service and profitability through the digital footprint. The role is seen as a strategic partner who understands how technology supports the business's objectives. Instead of a problem solver, the successful leader is a problem predictor who anticipates trends, challenges obsolescence, communicates risks, and develops staff for the future. The need is for a future-oriented leader.

Your primary role will include directing and controlling the company's information systems and technology activities. Your management responsibilities will include all of the company's systems design, programming, network planning, database management, and computer operations. A customer-oriented role to both internal and external constituents, the CIO is expected to demonstrate leadership, goal-orientation, employee development, and interpersonal skills to blend well in a highly collaborative, team environment.

As SVP-CIO, you will be able to fully utilize your business acumen, management, and technical expertise. The SVP-CIO role provides an opportunity to lead the organization to improve its technological capabilities. You will be expected to have collaborative relationships with the board, the EVP, the CEO, your peers, direct reports, and business partners.

Top candidates will be technologically savvy and possess strong leadership skills. They will be able to work in a fast-paced environment while using good communication and management skills to build mutual respect with internal stakeholders. Candidates are required to have a college degree in computer science or a related field; 5 years executive leadership experience; and must be bondable. Microsoft, Oracle, SQL Server, PMP, Six Sigma, or other professional certifications are preferred.

Amplify Credit Union has proudly served its community since 1967 and has its roots as IBM Texas Employees Federal Credit Union, making its members tech-savvy as a service line. Amplify is committed to its mission to improve the lives of its 57,000 members and the strength of its communities in Austin, Round Rock, and Cedar Park, TX.
