

Advancing Leadership Institute

Financial Risk Analyst

Confidential Client

Location: near South Mountain

A prominent and well respected consulting and advisory firm is searching for a financial analyst to join their team and advise the CEOs and senior managers of financial institutions across the nation. This organization plays a significant role in the development of clients' strategic plans, balance sheet management strategies and how to best address their short-term and long-term risks.

Customer service is key to this organization's success internally as well as with clients. Your clients will view you as an extension of their staff, providing ad-hoc financial analysis and scenario planning routinely. Your consulting will be heavily weighted in your customers' financial decisions and consequences. Customer satisfaction is job number one with both the quality of your work as well as your participation on the team.

As an added benefit to the exposure in your career, from time to time you will travel with principals and senior financial consultants to clients across the U.S. to present results of our analyses to CEOs, senior managers and boards during their planning sessions.

QUALIFICATIONS:

- Degree in finance or accounting
- Two years practical work experience developing a strong understanding of financial concepts
- Strong written and verbal communication skills
- Project management experience
- Experience in work environment with constantly changing priorities
- Willingness and openness to be a team player and team member
- Willingness to travel and to work in an extraordinarily fast-paced environment
- Eagerness to learn and be taught best practices

Our offices are near South Mountain in Tempe and therefore only candidates currently residing in the Phoenix metro area will be considered.

We offer all of our staff a learning environment, a casual, fun yet hard-working atmosphere, room for advancement and a benefits package including medical/dental/vision/long-term disability insurance, 401k and vacation.

If you are interested in this opportunity, please send your resume and cover letter in confidence to Peter Myers @ pmyers@ddjmyers.com.
